

Summary of Partnership meeting 12th May 2021

- This was a meeting that mainly focused on whether we wanted to continue in some form beyond the end of the lottery funding (2025).
- There was an overwhelming response to continue.
- A number of different reasons for continuing were put forward: Value in being able to access community knowledge (inc worker); it's something that's not local government run; the thematic needs of the community will still be here; there will be a need to support the recovery from Covid.
- The group proposed a few different ideas of what we could be involved in, including: Miners Pool; Tynning Inn; Hope House; Batches; Dragons' Den; Brunel Shed.
- Robin is going to arrange a site visit to the Brunel shed.

Next steps:

To hold a half day Partnership meeting, face-to-face, for a proper discussion of the plan.

CIC to put together a few scenarios for continuation with cost (business planning).
